To:
Advanced Air and Heat

Date: January 4, 2010

On December 29th your technician replaced a defective thermostat for Grace Community Church located at 1100 W. 10th St. New Smyrna Beach, FL. This replacement was done in an efficient and professional manner and resulted in correcting the problem we had in our office area.

The invoice for parts and service was \$195.00 which you have underwritten as a donation to our church. To Whom It May Concern, we at Grace Community Church want it understood that Advanced Air and Heat received absolutely nothing for the parts or service.

As Pastor, I would like to thank you and your company for your most generous donation to us. The Board and congregation also are aware of your generosity and wish to pass along their heart felt thanks as well.

May God bless you and yours,

Nick Nicholson Pastor

Inge Barringer Board Chair
